[10/23/2025]

Drew Ribar,

Thank you for contacting the Office of the Secretary of State ("SOS") on 7/08/2025 to submit a public records request. This request seeks the following specific records regarding public records requests (PRR):

1. All records requests submitted to the Office of the Secretary of State for the last 24 months (specifically covering the 24 months before 7/8/2025), including:
    a. The initial PRR
    b. The SOS's response within 5 days
    c. The final response, including what information was provided
    d. The latest copy of our PRR tracker

The Secretary of State's Office is in receipt of your request to prioritize the public records request tracker and to release other available responsive records in a rolling manner. As previously explained, the records related to this request contain a number of reasons that review is ongoing, including personal information in most initial public records requests and following correspondence. The office is working to identify and review all responsive records and requires additional time. The office expects to produce rolling records by November 20th, 2026 and provide updates as records become available.

Thank you for contacting the Office of the Secretary of State.

Sincerely,

The Office of the Secretary of State
